

A leopard is resting on a thick, gnarled tree branch. The leopard's body is stretched out, and its head is turned towards the left. The background is a soft-focus landscape of green trees under a clear blue sky. The text 'BASIC SAFARI' is overlaid in the top left corner, and 'Little Paradise' is written in a white script font across the middle of the branch.

SAFARI ADVENTURE

LITTLE PARADISE TOUR ITINERARY

The map shows a 7-day itinerary starting at Kilimanjaro Int. Airport, heading to Arusha City, then to Karatu Town, Lake Manyara National Park (2), Tarangire National Park (1), Serengeti National Park (3), and Ngorongoro Crater (4), before returning to Arusha City. The route is marked with a red dashed line and black dashed lines with paw print icons. Key locations include Moshi Town, Karatu Town, and Arusha City. The Republic of Kenya border is also indicated.

7 DAYS  **6 NIGHTS**

- 1** TARANGIRE NATIONAL PARK
- 2** LAKE MANYARA NATIONAL PARK
- 3** SERENGETI NATIONAL PARK
- 4** NGORONGORO CRATER

This is one of our classic safaris in Tanzania because it allows you to spend two nights in Serengeti National Park and have time to explore the Ngorongoro Crater, Tarangire National Park, and Lake Manyara National Park.

DAY 1 • ARRIVAL AT THE AIRPORT AND TRANSFER TO THE LODGE IN ARUSHA

Upon your arrival at Kilimanjaro (or Arusha) airport, just outside the main exit, you will be received by our guide who will take you to your Lodge in Arusha. If you have time, you can take a tour of the city, accompanied by the guide. Alternatively, relax at the hotel with dinner and overnight stay.

DAY 2 • THE KINGDOM OF ELEPHANTS AND BAOBABS

Early in the morning you will leave, immediately after breakfast, to start this 7 day safari in Tanzania to discover the wonderful Tarangire National Park. **(Approximate transfer time Arusha • Tarangire: 2 h 30 min)** The park, dotted with huge baobabs, covers an area of 2850 km² and includes the Tarangire River, where immense herds of zebras, wildebeests, oryx, water antelopes, lesser kudus, giraffes, buffaloes and their natural predators such as lions, leopards and wild dogs gather, especially during the dry season. Tarangire is also known for having the highest concentration of elephants in the world and is considered by many to be Tanzania's best destination for birdwatchers, with over 450 species of birds spotted there. After lunch on one of the many natural terraces with breathtaking views of the river and the surrounding nature, the Safari will continue in the afternoon with the transfer to the Lodge/Tented Camp for dinner and overnight stay.

DAY 3 • THE PARADISE OF BIODIVERSITY

Depart early in the morning to drive through the Great Rift Valley to Lake Manyara National Park, where you will go on a daytime safari. **(Approximate transfer time Tarangire • Manyara: 2 h 30 min)** Lake Manyara is one of the smallest parks in Tanzania (330 km²), but it has a lot to offer. The lake and the surrounding area constitute an ecosystem renowned for its richness in plant and animal species. The vegetation is very varied, with areas of evergreen forests, stretches of savannah, swamps and hot springs (Maji Moto). The fauna includes numerous elephants, baboons, wildebeests, zebras, giraffes, hippos, large flocks of pink flamingos and other species. The park is also home to leopards, hyenas and the famous Manyara lions that have the habit of climbing trees in this area. At the end of the game drive, transfer to the Lodge/Tented Camp for dinner and overnight in Karatu. **(Approximate transfer time Manyara • Karatu: 1 h)**

DAYS 4 AND 5 • THE LAND OF THE GREAT MIGRATION AND FELINES

Early in the morning, you will leave to reach the most famous park in Tanzania: the Serengeti. **(Approximate transfer time Karatu • Serengeti: 2 h 30 min)** As you travel through the Ngorongoro Conservation Area, you will be able to admire the dense forest of tall trees and the vastness of the crater from above. As you progress towards the Serengeti, you will understand why the name means, in the Maasai language, "endless plain". The Serengeti is considered the most famous national park in the world, the cradle of the Great Migration, where every year one of the most impressive natural cycles on the planet is renewed: tens of thousands of ungulates move, guided by the primordial instinct for survival, in constant search of new pastures. The landscape, dotted with large acacias and Kopjes (mounds of ancient rocks), is the ideal habitat for big cats. The safari will end in the afternoon with transfer to the Lodge/Tented Camp for dinner and overnight stay inside the park.

The following day will be entirely dedicated to the discovery of the park where there will be opportunities for the sighting of families of giraffes and elephants, large prides of lions, leopards, cheetahs, hyenas and smaller ones such as foxes, mongooses, honey badgers, jackals, along with more than 500 species of birds. The safari will end in the afternoon with the return to the Lodge/Tented Camp for dinner and overnight stay.

DAY 6 • THE REFUGE OF THE AFRICAN "BIG FIVE"

Early in the morning, just after breakfast, you will start the game drive leaving the Serengeti to reach the Ngorongoro Conservation Area, declared a WORLD HERITAGE SITE (UNESCO 1978) AND INTERNATIONAL BIOSPHERE RESERVE (1981). **(Approximate transfer time Serengeti • Ngorongoro Conservation Area: 2 h 30 min)** The area has become a real ecosystem, thanks to the good rainfall, the ponds, the small lakes and internal streams, the night fog that surrounds and feeds the forests of the slopes of its famous crater. The safari will continue descending to the bottom of the caldera for an entire afternoon dedicated to the discovery of one of the most beautiful places on Earth, where nature is sovereign and "unchanged over time". The 265 km caldera has the highest concentration of wildlife on the continent. It is one of the very rare places where you can meet the black rhino. In the late afternoon we will climb the crater to leave the Ngorongoro Conservation Area with transfer to the Lodge/Tented Camp for dinner and overnight in Karatu. **(Approximate transfer time Ngorongoro Crater • Karatu: 1 h 30 min)**

DAY 7 • RETURN TO ARUSHA/KILIMANJARO AIRPORT

In the same day you will return to Arusha/Kilimanjaro to take the return flight. Along the way you will have the opportunity to go shopping to buy gifts and souvenirs in the characteristic local shops and bazaars.

(Approximate transfer time Karatu • Arusha: 2 h 30 min • Karatu • Kilimanjaro Airport: 3 h 30 min)

Our Tanzania safari tour operator always remains flexible and available to accommodate any special needs, such as an early flight or other special requests.

IT IS POSSIBLE TO COMBINE THIS SAFARI WITH AN EXTENSION OF A BEACH STAY IN ZANZIBAR.
