The Premium category accommodations have been carefully selected to offer the highest quality and luxury service with reduced environmental impact, where modern design and African style blend together. By using a Tanzania safari tour operator, you will have the opportunity to explore these incredible destinations with the guarantee of an authentic and organized experience.

DAY 1 • ARRIVAL AT THE AIRPORT AND TRANSFER TO THE LODGE IN ARUSHA

Upon your arrival at Kilimanjaro (or Arusha) airport, just outside the main exit, you will be received by our guide who will take you to your Lodge in Arusha. If you have time, you can take a tour of the city, accompanied by the guide. Alternatively, relax at the hotel with dinner and overnight stay.

DAYS 2 AND 3 • THE KINGDOM OF ELEPHANTS AND BAOBABS

Early in the morning you will leave, immediately after breakfast, to discover the wonderful Tarangire National Park. **(Approximate transfer time Arusha • Tarangire: 2 h 30 min)** The park, dotted with huge baobabs, covers an area of 2850 km² and includes the Tarangire River, where immense herds of zebras, wildebeests, oryx, water antelopes, lesser kudus, giraffes, buffaloes and their natural predators such as lions, leopards and wild dogs gather, especially during the dry season. Tarangire is also known for having the highest concentration of elephants in the world and is considered by many to be Tanzania's best destination for birdwatchers, with over 450 species of birds spotted there. After lunch on one of the many natural terraces with breathtaking views of the river and the surrounding nature, the safari in Tanzania will continue in the afternoon with the transfer to the Lodge/Tented Camp for dinner and overnight.

The following day will be entirely dedicated to exploring the park with morning and afternoon safari. In the late afternoon return to the Lodge/Tented Camp for dinner and overnight stay.

DAY 4 • THE PARADISE OF BIODIVERSITY

Depart early in the morning to drive through the Great Rift Valley to Lake Manyara National Park, where you will go on a daytime safari. **(Approximate transfer time Tarangire • Manyara: 2 h 30 min)** Lake Manyara is one of the smallest parks in Tanzania (330 km²), but it has a lot to offer. The lake and the surrounding area constitute an ecosystem renowned for its richness in plant and animal species. The vegetation is very varied, with areas of evergreen forests, stretches of savannah, swamps and hot springs (Maji Moto). The fauna includes numerous elephants, baboons, wildebeests, zebras, giraffes, hippos, large flocks of pink flamingos and other species. The park is also home to leopards, hyenas and the famous Manyara lions that have the habit of climbing trees in this area. At the end of the game drive transfer to the Lodge/Tented Camp for dinner and overnight stay.

DAY 5 • DISCOVERING THE ENDLESS PLAINS

Early in the morning, you will leave to reach the most famous park in Tanzania: the Serengeti. **(Approximate transfer time Manyara • Serengeti: 5 h)** As you travel through the Ngorongoro Conservation Area, you will be able to admire the dense forest of tall trees and the vastness of the crater from above. As you progress towards the Serengeti, you will understand why the name means, in the Maasai language, "endless plain". The Serengeti is considered the most famous national park in the world, the cradle of the Great Migration, where every year one of the most impressive natural cycles on the planet is renewed: tens of thousands of ungulates move, guided by the primordial instinct for survival, in constant search of new pastures. The landscape, dotted with large acacias and Kopjes (mounds of ancient rocks), is the ideal habitat for big cats. The safari will end in the afternoon with transfer to the Lodge/Tented Camp for dinner and overnight stay inside the park.

DAYS 6 AND 7 • THE LAND OF THE GREAT MIGRATION AND FELINES

In these two days you will continue the exploration of the Seronera Valley. Along the banks of the river of the same name, you will have the chance to see leopards climbing sausage trees, observe the numerous prides of lions on the Moru kopjes and, with a little luck, even spot a black rhinoceros. Finally, you can get out of the car at the famous hippo pool and approach the pool to scrutinize the many hippos piled up. Dinner and overnight at the Lodge/Tented Camp.

DAY 8 • THE REFUGE OF THE AFRICAN "BIG FIVE"

In the morning, after breakfast, you will start the game drive leaving the Serengeti to reach the Ngorongoro Conservation Area, declared WORLD HERITAGE SITE (UNESCO 1978) AND INTERNATIONAL BIOSPHERE RESERVE (1981). **(Approximate transfer time Serengeti • Ngorongoro Conservation Area: 2 h 30 min)** The area has become a real ecosystem, thanks to the good rainfall, the ponds, the small lakes and internal streams, the night fog that surrounds and feeds the forests of the slopes of its famous crater. The safari will continue descending to the bottom of the caldera for an entire afternoon dedicated to the discovery of one of the most beautiful places on Earth, where nature is sovereign and "unchanged over time". The 265 km² caldera has the highest concentration of wildlife on the continent. It is one of the very rare places where you can meet the black rhino. In the late afternoon we will climb the crater for transfer to the Lodge/Tented Camp for dinner and overnight stay.

DAY 9 • RETURN TO ARUSHA/KILIMANJARO AIRPORT

In the morning, you will return to Arusha. Along the way you will have the opportunity to go shopping to buy gifts and souvenirs in the characteristic local shops and bazaars. After lunch, you will be driven to Arusha or Kilimanjaro Airport to catch your flight home. This 9-day safari in Tanzania will allow you to experience an unforgettable adventure, immersing yourself in the wonders of African nature.
