SAVANNA POWER TOUR ITINERARY

7 DAYS

6 NIGHTS

- 1 LAKE MANYARA NATIONAL PARK
- 2 SERENGETI NATIONAL PARK
- 3 NGORONGORO CRATER
- 4 TARANGIRE NATIONAL PARK

You will have the opportunity to visit the most popular parks in the northern part of Tanzania: Manyara, Serengeti, Ngorongoro Crater and Tarangire. Our Tanzania safari tour operator will guarantee you an authentic and well-organized experience, allowing you to fully experience the magic of these unique places.

DAY 1 • ARRIVAL AT THE AIRPORT AND TRANSFER TO THE LODGE IN ARUSHA

Upon your arrival at Kilimanjaro (or Arusha) airport, just outside the main exit, you will be received by our guide who will take you to your Lodge in Arusha. If you have time, you can take a tour of the city, accompanied by the guide. Alternatively, relax in the hotel with dinner and overnight stay according to the chosen category.

DAY 2 • THE PARADISE OF BIODIVERSITY

Your safari in Tanzania will continue early in the morning to cross the Great Rift Valley to Lake Manyara National Park, where you will make the daytime game drive. **(Approximate transfer time Arusha • Manyara: 2 h 30 min)** Lake Manyara is one of the smallest parks in Tanzania (330 km²), but it has a lot to offer. The lake and the surrounding area constitute an ecosystem renowned for its richness in plant and animal species. The vegetation is very varied, with areas of evergreen forests, stretches of savannah, swamps and hot springs (Maji Moto). The fauna includes numerous elephants, baboons, wildebeests, zebras, giraffes, hippos, large flocks of pink flamingos and other species. The park is also home to leopards, hyenas and the famous Manyara lions that have the habit of climbing trees in this area. At the end of the game drive, transfer to the Lodge/Tented Camp for dinner and overnight stay according to the chosen category.

DAYS 3 AND 4 • THE LAND OF THE GREAT MIGRATION AND FELINES

Early in the morning, you will leave to reach the most famous park in Tanzania: the Serengeti. **(Approximate transfer time Manyara • Serengeti: 4 h)** As you travel through the Ngorongoro Conservation Area, you will be able to admire the dense forest of tall trees and the vastness of the crater from above. As you progress towards the Serengeti, you will understand why the name means, in the Maasai language, "endless plain". The Serengeti is considered the most famous national park in the world, the cradle of the Great Migration, where every year one of the most impressive natural cycles on the planet is renewed: tens of thousands of ungulates move, guided by the primordial instinct for survival, in constant search of new pastures. The landscape, dotted with large acacias and Kopjes (mounds of ancient rocks), is the ideal habitat for big cats. The safari will end in the afternoon with the transfer to the Lodge/Tented Camp for dinner and overnight stay inside the park according to the chosen category.

The following day will be entirely dedicated to the discovery of the park where there will be opportunities for the sighting of families of giraffes and elephants, large prides of lions, leopards, cheetahs, hyenas and smaller ones such as foxes, mongooses, honey badgers, jackals, along with more than 500 species of birds. The safari will end in the afternoon with the return to the Lodge/Tented Camp for dinner and overnight stay.

DAY 5 • THE REFUGE OF THE AFRICAN "BIG FIVE"

Early in the morning, just after breakfast, you will start the game drive leaving the Serengeti to reach the Ngorongoro Conservation Area, declared a WORLD HERITAGE SITE (UNESCO 1978) AND INTERNATIONAL BIOSPHERE RESERVE (1981). **(Approximate transfer time Serengeti • Ngorongoro Conservation Area: 2 h 30 min)** The area has become a real ecosystem, thanks to the good rainfall, the ponds, the small lakes and internal streams, the night fog that surrounds and feeds the forests of the slopes of its famous crater. The safari will continue descending to the bottom of the caldera for an entire afternoon dedicated to the discovery of one of the most beautiful places on Earth, where nature is sovereign and "unchanged over time". The 265 km² caldera has the highest concentration of wildlife on the continent. It is one of the very rare places where you can meet the black rhino. In the late afternoon you will go up the crater to exit the Ngorongoro Conservation Area with transfer to the Lodge/Tented Camp for dinner and overnight in Karatu according to the chosen category. **(Approximate transfer time Ngorongoro Crater • Karatu: 1 h 30 min)**

DAY 6 • THE KINGDOM OF ELEPHANTS AND BAOBABS

Early in the morning, after a good breakfast, you will depart to reach Tarangire National Park, during the transfer you will have the opportunity to stop for shopping and gifts in the local bazaars. **(Approximate transfer time Karatu • Tarangire: 2 h 30 min)** The Tarangire park, dotted with huge baobabs, covers an area of 2850 km² and includes the Tarangire River, where immense herds of zebras, wildebeests, oryx, waterbucks, lesser kudus, giraffes, buffaloes and their natural predators such as lions, leopards and wild dogs gather, especially during the dry season. Tarangire is also known for having the highest concentration of elephants in the world and is considered by many to be Tanzania's best destination for birdwatchers, with over 450 species of birds spotted there. The safari will continue in the afternoon with the transfer to the Lodge/Tented camp for dinner and overnight according to the chosen category.

DAY 7 • RETURN TO ARUSHA/KILIMANJARO AIRPORT

The morning will be dedicated to the game drive in the park and after lunch you will return to Arusha/Kilimanjaro to take the flight home.

(Approximate transfer time Tarangire • Arusha: 3 h • Tarangire • Kilimanjaro Airport: 4 h)

However, we are flexible and available in case of special needs, such as early flight or other.

IT IS POSSIBLE TO COMBINE THIS SAFARI WITH AN EXTENSION OF A BEACH STAY IN ZANZIBAR.
