SHADE OF TREE TOUR ITINERARY

4 DAYS

3 NIGHTS

1 TARANGIRE NATIONAL PARK

2 LAKE MANYARA NATIONAL PARK

3 NGORONGORO CRATER

The ideal itinerary designed by our Tanzania safari tour operator for those who only have four days and want to visit three of Tanzania's most famous national parks.

DAY 1 • ARRIVAL AT THE AIRPORT AND TRANSFER TO THE LODGE IN ARUSHA

Upon your arrival at Kilimanjaro (or Arusha) airport, just outside the main exit, you will be received by our guide who will take you to your Lodge in Arusha. If you have time, you can take a tour of the city, accompanied by the guide. Alternatively, relax in the hotel with dinner and overnight stay according to the chosen category.

DAY 2 • THE KINGDOM OF ELEPHANTS AND BAOBABS

Early in the morning, just after breakfast, you will leave for this sensational safari in Tanzania to discover the wonderful Tarangire National Park. **(Approximate transfer time Arusha • Tarangire: 2 h 30 min)** The park, dotted with huge baobabs, covers an area of 2850 km² and includes the Tarangire River, where immense herds of zebras, wildebeests, oryx, water antelopes, lesser kudus, giraffes, buffaloes and their natural predators such as lions, leopards and wild dogs gather, especially during the dry season. Tarangire is also known for having the highest concentration of elephants in the world and is considered by many to be Tanzania's best destination for birdwatchers, with over 450 species of birds spotted there. After lunch on one of the many natural terraces with breathtaking views of the river and the surrounding nature, the safari will continue in the afternoon with the transfer to the Lodge/Tented Camp for dinner and overnight according to the chosen category.

DAY 3 • THE PARADISE OF BIODIVERSITY

Depart early in the morning to drive through the Great Rift Valley to Lake Manyara National Park, where you will go on a daytime safari. **(Approximate transfer time Tarangire • Manyara: 2 h 30 min)** Lake Manyara is one of the smallest parks in Tanzania (330 km²), but it has a lot to offer. The lake and the surrounding area constitute an ecosystem renowned for its richness in plant and animal species. The vegetation is very varied, with areas of evergreen forests, stretches of savannah, swamps and hot springs (Maji Moto). The fauna includes numerous elephants, baboons, wildebeests, zebras, giraffes, hippos, large flocks of pink flamingos and other species. The park is also home to leopards, hyenas and the famous Manyara lions that have the habit of climbing trees in this area. At the end of the game drive, transfer to the Lodge/Tented Camp for dinner and overnight stay within the Ngorongoro Conservation Area according to the chosen category. **(Approximate transfer time Manyara • Ngorongoro Conservation Area: 1 h 30 min)**

DAY 4 • THE REFUGE OF THE AFRICAN "BIG FIVE"

Immediately after breakfast, you will descend to the bottom of the crater for a game drive dedicated to the discovery of one of the most beautiful places on Earth, where nature is sovereign and "unchanged over time". The 265 km² caldera is part of the Ngorongoro Conservation Area, declared a WORLD HERITAGE SITE (UNESCO 1978) AND INTERNATIONAL BIOSPHERE RESERVE (1981) and has the highest concentration of wildlife on the continent. It is one of the very rare places where you can meet the black rhino. After lunch near the enchanting hippo lake, you will climb the crater to exit the Ngorongoro Conservation Area. Return in the late afternoon to Arusha/Kilimanjaro to take the flight home.

(Approximate transfer time Ngorongoro Crater • Arusha: 4 h • Ngorongoro Crater • Kilimanjaro Airport: 5 h)

However, we are flexible and available in case of special needs, such as early flight or other.
